

TRUCK TUNES 2 LYRICS

1. DUMP TRUCK

Dump, dump, dump, dump it
Dump it, Dump Truck
Dump, dump, dump, dump it
Dump it, Dump Truck
Dump, dump, dump, dump it
Dump it, Dump Truck
Oh, dump it

Loading up some boulders
Working with a loader
Or maybe even a backhoe, oh, oh
Grab an excavator
He'll do all the labor
And now we're ready
To load, load, load

So, load, load, load him up
Load the Dump Truck
Load, load, load him up
Load the Dump Truck
Load, load, load him up
Load the Dump Truck
Oh, load him up

So, what does he carry?
Well anything that's heavy
Like these giant rocks, you know
Or lots of tiny pebbles
Thousands of tiny pebbles
And now we're ready
To back him up

So, back, back, back him up
Back the Dump Truck
Back, back, back him up
Back up Dump Truck
Back, back, back him up
Back the Dump Truck
Oh, back him up

Where does he get the strength
To lift his giant bed
He must have a back of steel

He uses his hydraulic ram
To lift his bed, you see
With power extraordinary

So, dump, dump, dump, dump it
Dump it, Dump Truck
Dump, dump, dump, dump it
Oh, dump it, Dump Truck
Dump, dump, dump, dump it
Dump it, Dump Truck
Oh, dump it

You know, you know you got to dump
Dump, dump, dump, dump it
Dump it, Dump Truck
Dump, dump, dump, dump it
You know, you know you got to dump
Dump, dump, dump, dump it
Dump it, Dump Truck
Oh, dump it

2. MONSTER TRUCK

There's a truck that's
Fast and loud
He's happiest when
He plays for a crowd

Doing wheelies and donuts
And jump after jump
He loves to do
All kinds of stunts

He's a brute
Some say a thug
Smashes little cars
Like they're little bugs

He might crash or flip
His tires might pop
Doesn't care much
He just won't stop

So what would you call him?
When he's the toughest
When he's the baddest Truck around

Call him a Monster, Monster Truck
Let them hear how you roar
Monster, Monster Truck
Meanest 4x4

He can jump
A giant plane
Yes, this truck is
Completely insane

In arenas and stadiums
What do they shout?
As they watch him
Drive about

What do they call him?
When he's the toughest
When he's the baddest Truck around
They call him Monster, Monster Truck
Let them hear how you roar
Monster, Monster Truck
Meanest 4x4

And that's what they call him
Cuz he's the toughest
Cuz he's the baddest Truck around
What they call him?
They call him Monster, Monster Truck
Let them hear how you roar
Monster, Monster Truck
Meanest 4x4

Monster, Monster Truck
Let them hear how you roar
Monster, Monster Truck
Meanest 4x4

3. TRACTOR TRAILER

Well, he's got so many, many names
With all that he gets done
There ain't no way he'd ever be as
Happy with just one

Some call him a Tractor Trailer
And that's certainly true

Then there's Big Rig, Semi Truck
And 18 wheeler too

So, why do they call him a Tractor Trailer?
He's got a Tractor out in front
That's where the driver sits
It pulls the Trailer in the back
'Cause that's where his cargo fits
And that's why they call him a
Tractor Trailer

Yeehaw! Tractor Trailer

Now, what about Big Rig?
Well, the Tractor part is made to pull
And some call that a Rig
You need a ladder to get in
Because this truck is so darn big
And that's why they call it a
Big Rig

Oh, he's got so many, many names
With all that he gets done
Well, there ain't no way he'd ever be as
Happy with just one

We know he's a Tractor Trailer
And that's certainly true
But this Big Rig is a Semi Truck
And an 18 wheeler too

So how about Semi Truck?
The Trailer has no wheels in front
'Cause that's where he hooks up
Well, semi means a half a thing
So he's a Semi Truck
'Cause he pulls with him
Half a truck

Oh yeah! Wooooee!
He's pulling two trailers
That's a double

Can you guess why they call him an 18 wheeler?
Well that's how many wheels he's got
With nine wheels on each side
Some trucks have less
And some have more

And some are extra wide
This big truck has twenty-five

Wait!
That's twenty-four
My mistake

Oh, he's got so many, many names
With all that he gets done
There ain't no way he'd ever be as
Happy with just one

No he wouldn't be happy
With just one

4. GARBAGE TRUCK

Garbage, refuse, trash, or waste
For all these things, he has a taste
Bet there's a Garbage Truck, that works near you
At the job he loves to do

Look! If you watch
Then you'll see him weekly
If he could talk
Well then he'd say, "Feed me"

All of the stuff
That you just don't need he
Gobbles it up
Like a sweet, sweet treat
Gobbles it up
Like a sweet, sweet treat

Garbage, refuse, trash, or waste
For all these things, he has a taste
Bet there's a Garbage Truck, that works near you
At the job he loves to do

He lifts containers
Or cans that's easy
With grapple arms
Or forks like these he

Puts everything in
A hopper in back

Then smashes it up
To make it compact

Smashes it up
To make it compact

Garbage, refuse, trash, or waste
For all these things, he has a taste
Bet there's a Garbage Truck, that works near you
At the job he loves to do

At the end of the day
When he's all filled up he
Heads to the landfill
Some call it the dump

When he backs up, beeping
Pushing trash in a block
Then he's back on the road
Making all his stops

He's back on the road
Making all his stops

He's back on the road
Making all his stops

Garbage, refuse, trash, or waste
For all these things, he has a taste
Bet there's a Garbage Truck, that works near you
At the job he loves to do

Garbage, refuse, trash, or waste
For all these things, he has a taste
Bet there's a Garbage Truck, that works near you
At the job he loves to do

5. VACUUM TRUCK

Just like the machine
That you use in your home
His job is to clean
He's much bigger, though

Yeah, he can suck up this junk
With his high-suction hose

It looks like a trunk
Yeah, like an elephant nose

Just like an elephant nose

Swing, swing your hose
Like an elephant trunk
Clean up the road
Suck up all of the junk
Swing back and forth
And with any luck
You'll clean up
Like a Vacuum Truck

He drives down the road
Finding trash to clean up
He moves oh so slowly
He's not in a rush

He works by controls
That look almost the same
As the kind you use
Playing a video game

Just like a video game

So, swing, swing your hose
Like an elephant trunk
Clean up the road
Suck up all of the junk
Swing back and forth
And with any luck
You'll clean up
Like a Vacuum Truck

Let's hear you do it
Make the sound that he makes
A whoosh or a shoosh
It's all that it takes

And we'll watch as he works
He'll leave us all awed
He's got enough power
To suck up a dirt clod

Yeah, a big dirt clod
Wow, that's a huge dirt clod!
Well, that's just impressive

So, swing, swing your hose
Like an elephant trunk
Clean up the road
Suck up all of the junk
Swing back and forth
And with any luck
You'll clean up
Like a Vacuum Truck

Let's see you swing it
Like an elephant trunk
Let's see you clean up
Suck up all of the junk
Swing it back and forth
And with any luck
You'll clean up
Like a Vacuum Truck

You'll clean up
Like a Vacuum Truck

6. TRUCK CRANE

He's a Truck Crane
Lifting up his cargo
Truck Crane
Reach into the sky
Truck Crane
No one else can go so high, high, high, high

He shows up at the job site
Find a spot that's just right
And way before noon, oh
He's working his telescoping boom

Outriggers are out
They keep him locked down
And hold him steady, oh
And now he's ready, oh
Tell me who's ready

He's a Truck Crane
Lifting up his cargo
Truck Crane
Reach into the sky

Truck Crane
No one else can go so high, high, high, high

His cable's in position
Lifting with precision
The Hook Block is now secure
He's good at this, that's for sure

The Winch will wind up
Carefully he lines up
The Boom extends and extends
And sets the load on end
Who sets the load on end

He's a Truck Crane
Lifting up his cargo
Truck Crane
Reach into the sky
Truck Crane
No one else can go so high, high, high, high

He's a Truck Crane
Lifting up his cargo
Truck Crane
Reach into the sky
Truck Crane
No one else can go so high, high, high, high

Strong like you can't believe
Tons of load capacity
Whatever the job needs
Look how he lifts this tree

When the job is complete
A full day in the heat
He loads up everything
And heads home to his fleet

He's a Truck Crane
Lifting up his cargo
Truck Crane
Reach into the sky
Truck Crane
No one else can go so high, high, high, high

He's a Truck Crane
Lifting up his cargo

Truck Crane
Reach into the sky
Truck Crane
No one else can go so high, high, high, high

7. FIRE ENGINE

Can you tell me where the fire is?
He will put it out
Call me on the radio
He will put it out
Need help with an emergency
He can help you out
Can you tell me where the fire is?
He will put it out

He gets the call
Loads up his crew
And sounds his horn
He's needed now
And this big truck
Has not a moment to lose

Flashes his lights
His sirens howl
Get out of his way
He's got to move
He's got to get there now

Can you tell me where the fire is?
He will put it out
Call me on the radio
He will put it out
Need help with an emergency
He can help you out
Can you tell me where the fire is?
He will put it out

Now at the fire
Unrolls his hose
And turns it on
The hydrant pumps
Some trucks add foam
To make the fire go out

With buildings tall
The flames stretch high
Get out of their way
The ladder climbs
Till it reaches the sky

To fight a blaze
He carries lots of gear
So the fire fighters
Can have no fear

He's well equipped
With pikes and poles
And axes so sharp
He's not afraid
This truck is in control

Can you tell me where the fire is?
He will put it out
Call me on the radio
He will put it out
Need help with an emergency
He can help you out
Can you tell me where the fire is?
He will put it out

8. PICKUP TRUCK

They come in all sizes
Shapes, colors and styles
They're rugged, they're tough
They can rack up the miles
These are hard-working trucks
Never down on their luck

Their tires are big, small
Or somewhere between
Got so many skills can
Do most anything
Just name something they can't do
Oh go on, I dare you!

Grandpa calls his a
Pick 'em up truck
Takes it off road don't

Ever get stuck
Says it's the ride he
Can always trust
Try to keep up you'll
Be eatin' his dust
He's a pickup, a pickup truck

And for some working trucks
A bed's just not enough
So some sport a rack to
Hold ladders and stuff
And when his rack's loaded down
No trouble getting around

To be fully equipped add
A toolbox to the mix
And make sure that there's
Not a thing you can't fix
Load up all your gear inside
Go on, give it a try

Grandpa calls his a
Pick 'em up truck
Takes it off road don't
Ever get stuck
Says it's the ride he
Can always trust
Try to keep up you'll
Be eatin' his dust
He's a pickup, a pickup truck
A pickup, a pickup truck

Don't get me wrong
It's not all about work
These trucks have fun too
They're perfect for camping
Or a trip to the dunes

Can tow a boat trailer
Or pull an RV
For extra towing power
You might want a dually
Cuz that's a pickup with 4 wheels in back
Yippee, yippee!

Grandpa calls his a
Pick 'em up truck
Takes it off road don't
Ever get stuck
Says it's the ride he
Can always trust
Try to keep up you'll
Be eatin' his dust
He's a pickup, a pickup

A pick 'em up truck
Takes it off road don't
Ever get stuck
Says it's the ride he
Can always trust
Try to keep up you'll
Be eatin' his dust
He's a pickup, a pickup truck

9. STREET SWEEPER

He sweeps the street...
He sweeps the street
Cleans up debris
He helps us keep
Our roads and
Parking lots so clean
He sweeps the street

He sweeps the street
So nice and neat
His bristly brooms
Sweep while he moves
They spin and spin
And spin again
Cuz that's the way he sweeps the street
Yes, that's the way he sweeps the street

He sweeps the street
Cleans up debris
He helps us keep
Our roads and
Parking lots so clean
He sweeps the street

He sprays the road
Each little hose
Shoots water 'round
And wets the ground
It keeps the dust
From flying up
And that's the way he sprays the road
Yes, that's the way he sprays the road

He sweeps the street
Cleans up debris
He helps us keep
Our roads and
Parking lots so clean
He sweeps the street

He dumps his bin
And lifts it then
It's called a hopper
Yes, that's his hopper
Pours out a hunk
Of dirt and junk
Oh, that's the way he dumps his bin
Yes, that's the way he dumps his bin

So every day
In his own way
He's out there sweeping
Simply keeping
Roads so clean
For you and me
Cuz, that's the way he does this thing
Yes, that's the way he does this thing

He sweeps the street
Cleans up debris
He helps us keep
Our roads and
Parking lots so clean
He sweeps the street

He sweeps the street
Cleans up debris
He helps us keep
Our roads and

Parking lots so clean
He sweeps the street

10. CEMENT MIXER

Starting the day
Under the hopper
Loading up with
Sand, gravel, cement and water

Hitting the road
Driving round while he mixes
Needs to make sure
That the concrete stays viscous

Cement Mixer
Round and round
He turns his big drum
Cement Mixer
Round and round
Pours concrete by the ton
Cement Mixer
Round and round
Works till the job's done
He goes round and round
And round and round
And round

Backing up now
In just the right direction
Adding the chutes
To get the proper extension

Pouring fast now
Controls the flow with his levers
Swinging from one side
And back to the other

Cement Mixer
Round and round
He turns his big drum
Cement Mixer
Round and round

Spraying off all the cement
Loading the chutes
In their proper placement

Driving back to
The plant for more concrete
Doing just what
It takes to get the job complete

Cement Mixer
Round and round
He turns his big drum
Cement Mixer
Round and round
Pours concrete by the ton
Cement Mixer
Round and round
